

# CHILDREN'S GIFT BAG PROGRAM

*Connecting Compassion with Children in Honduras*

**Send gift bags from your Children's Church to the children of Honduras.**

So many children in Honduras have never owned a toothbrush, hairbrush, basic hygiene items, underclothes, a toy of their own etc. Through the Children's Gift Ministry you can send your Gift Bags and know they have been distributed in evangelism events where many children will give their heart to Jesus.

**Next best thing to a Missions Trip!**

The children in your Kid's Church may not be able to go on a missions trip, but they can see with their own eyes the bags that they have packed placed in the hands of children! We will send you back pictures of the children that received your gift bags. Some groups place a picture inside their bag so they can recognize them in the picture. Connect compassion with children in Honduras and announce your Children's Gift Ministry Gift Bag project today!
