

EQUIP CONFERENCES FOR CHILDREN'S PASTORS

Maximize your impact in the Kingdom of God

Help Train and Equip new Children's Pastors in Honduras!

Churches are filled with children in Honduras, however a very small percentage have trained Children's workers who can help lead them to Christ and disciple them as they grow in the Lord. Through Children's Gift Ministry Equip Conferences for Children's Pastors new Honduran Children's Workers are trained for ministry in their own churches to disciple children.

Providing discipleship for children in their local communities.

For the cost of \$1,500 materials are printed for 100 Children's Pastors to be trained and a Kids Crusade of 200+ children held and performed by the same newly trained children's workers! Will you please consider partnering with us to maximize your impact in the Kingdom of God by training leaders that will reach hundreds and thousands of children in Honduras.

Maximize your impact in the Kingdom of God by investing in Children's Pastors

Your partnership and support of Equip Conferences for Children's Pastors will yield eternal fruit for generations to come. These new Children's Pastors will impact thousands of children right in their own communities, reaching and saving the world one child at a time!
